

[M] POWER

McCormick Heralds a new mission to achieve ever-increasing productivity levels for the customer

McCormick MC Range

Powerful **T3** performance supported by smooth dependable transmission technology and highly responsive hydraulics for effortless operation

McCormick MC115, 81 kW

The McCormick MC Range remains true to the values and principles that made McCormick a world beater for so many years. This means no compromise in quality. It ensures strict compliance with some of the most demanding manufacturing standards. The McCormick MC Range is fitted with world-wide proven engines. Thousands of test hours, in all climatic conditions, resulted in engines that delivers performance and durability day in and day out.

The MC Range provides the ultimate solution for smooth responsive and highly efficient electro-hydraulically controlled gear box, PTO and hitch operation. The close circuit high flow hydraulic system constantly senses the demand for hydraulic power and adjust output to whatever the application. A luxury cab provides outstanding visibility and operator ergonomics which ensures safety and comfort for long working days.
