

SUSTAINABLE TECHNOLOGY – IT'S IN HIS GENES

McCORMICK TTX

With innovative engineering technology and quality in its genes the McCormick TTX Range boasts an excellent DNA. These are the values that count in a tractor with the future as its ultimate goal.

The Range:	McCormick TTX 190	McCormick TTX 210	McCormick TTX 230
Engine:	β-Power	β-Power	β-Power
Kilowatt:	119 kW	134 kW	143 kW

FEATURES:

- Tier 3 β-Power 6.7 litre 24 valve engine electronically controlled, commonrail, turbo and air-to-air inter cooler.
- The TTX 190 and 210 are each fitted with a standard mechanical 'Xtra Shift' gearbox with four synchronised ranges with eight power shift speeds each. The TTX 230 is fitted with a 'Xtra Shift' E/E gearbox with automatic gear selection.
- PTO 540/1000 rpm electronically controlled. Torque rise electronically controlled to handle large power driven implements in difficult ground conditions.
- Electronically controlled lift with 10950 kg lift capacity. 110 litre minimum, closed circuit system with three remote valves with power beyond system and flow control on each remote.
